DET. SIMS asked that a Special Investigator meet her at Speegleville Park. Upon my arrival observed a large, what appeared to be an Oak tree, in an area where it appeared people had camping. DET. SIMS advised me that she had been told by some of MR. FRANKS relatives that a subject frequented this place who was known to participate in some type of Indian rituals. therefore, this spot was approximately 50 yards from the place where it appeared the bodies been found. We were not sure at the time of our investigation if the spot we had found was where the bodies had been found, for sure. Therefore, the 50 yards is only an estimate of t place where the tree is. We did find several pieces of possible evidence at the scene, and did take it and tag it and place it in the property room. Pictures taken at the scene were;

- #1 of the entrance, showing the tree
- #2 of a piece of rubber in the drive, bicycle tube
- #3 shoe hanging on the tree
- #4 nail and markings next to the shoe
- #5 second nail on the tree
- #6 overall tree on the shoe side
- #7 backside of the tree with "I want to suck a dick" written in what appeared to be chalk, on the tree.
- #8 holes in the side of the tree
- #9 close up of the holes
- #10 curtains found on the ground
- #11 red siphon hose, possibly refrigeration hose
