*D.A. in Lucas probe  
fearful for life*

294  
WACO (AP) — McLennan County District Attorney Vic Fezell, who announced he will seek re-election next year, says he has hired Austin defense attorney Roy Minton because he fears he is a target of a federal grand jury.

Fezell has said he feared he might be murdered or wrongly indicted because he criticized law enforcement agencies' handling of cases involving convicted killer Henry Lee Lucas.
