## *DA Should Resign If Indicted*

Dear Editor;

If Vic Fezell is indicted by a Federal Grand Jury he should resign immediately. It is a terrible thing for an elected public official to be accused of a crime. Especially the district attorney, whose job it is to uphold the law and prosecute criminals.

Our D.A. said that the grand jury investigation should be held here in Waco rather than in Austin. Doesn't Vic believe in impartial juries? Isn't it more fair if the people on the grand jury have no knowledge of the people involved? Or does the D.A. just want his supporters on the grand jury?

A man is innocent until proven guilty, but if the D.A. is under indictment he should resign because he wouldn't be able to spend his time doing his job.

Sincerely  
LEE COX
