

to prepare them for four-year institutions.

The immediate budget upset to TJC will be how many remedial education teachers can the college afford, he said. TJC presently provides remedial education to students scoring a 12 or below on the ACT test. Those students make up 25 percent of college's enrollment, he said.

In other business, trustees:

— Approved hiring tennis coachickey White as a full-time history instructor for the 1988-89 school year. White, who taught history part-time, will relinquish his duties as tennis coach.

— Approved a \$14,892 low bid from IBM in Temple to provide six micro-computers for the data processing department.

Fire Department To Continue Probe Of Gas Station Blast

Fire inspectors will continue sifting through debris at 2410 S. General Bruce Drive this week, hoping learn more about Saturday's explosion and ensuing fire which leveled Mister D's Quick Stop.

Henry Ramos, Temple fire marshal, said Monday evening that crews will continue to dig through the rubble on S. General Bruce Drive this week. Ramos also said he is hoping that the condition of victim and store owner John Davis of Salado, and victim Gary Davis, unrelated, of Troy improves so that both men can talk with them about the explosion.

John Davis was flown from Scott and White Memorial Hospital in Temple to John Sealy Hospital in the University of Texas Medical Center in Galveston for burn treatment.

Gary Davis also was transported to John Sealy Hospital for treatment of second-degree burns.
