

To Whom it may concern

I Henry Lucas to try and
clear this matter up I killed
KATE RITCH on sept LAST year

I have tryed to get help
for so long and no one will believe
me I have killed for the past
10 years and no one will believe
me I tryed to get help ever way
I know how and no one will
believe me I cannot go own
doing this you may not relig
what I am going through I almost
killed the only girl I ever loved
and have tryed to get help for
it and no one cares. I am always
a lyer and that all every one
wants to believe. I cant tell you
where the bodys are at. I can only
show you I killed a young
woman last week while I was
come from here and ever
since then I have wanted
to tell some one the truth

I have ask god to help me
get this out I have only to say
that what I'm telling you is the
truth I've been killing ever thing
I can for the past 10 years dog
cant all to gether I am to say
a ~~best~~ ~~best~~ differnt year
this is how I have come up since
child hood. All I ever get is a lyer
they say that nothing I say is true
why dont they look at my Record from
Jackson Michigan where I have

begged them for help and couldn't
get it. I want to be dead so I can't
go on hurting others. you can have
my life I don't want it. for only those
that can't help what they do gets
hurt. Those women that does not be
have been killed I have killed
young women in California in the
past ~~so~~ ~~so~~ so my life is
over and no matter it was the word
one any one could have. you beg
for help and no one hears you
tell them the truth, they laugh and
say it's not true. I don't care
for my self because I don't want
to live any more to hurt to feel
and suffer. my life doesn't mean
any thing but to kill others I do
what ever I say here is all I have
to say either you believe it or not
I did not want to do these things
but I can't stop I have tried
to but can't once my mind has
over I can't stop it so ever the
I want to say doesn't come out.
Becky is my only true friend and
wife I ever had and this has destroyed
her I can not tell you any more
about this because I don't know
any more I only will be able
to guide you to Becky because
she is the only one that might
still find my head doesn't want
me to but must get this over
with I love my God so please
try and help me stop this please

I my past life and try to believe
and when I say I cant help what
I do I wish I could so I could
do it.

What ever inside me I hope
will leave me alone

Since I am not aloud to buy
cigaretts or make phone calls to get any
we will see what will come out of
this mess. I have cigarette at home but
I cant get to call to get them and
no one cant talk to me because
I not aloud to contact any one I'm
here in by my self and still cant
talk with a lawyer on this I
have no rights so what can I do
to convince you about all this?

I cant take you to where they
are because no one believes me and
what ever I say seem like I am
talking to my self I want to talk to
Rev. Moore Rubin and see if he can
advise me in some way as to what
I should do but I cant because I'm
not aloud to talk to him either because
he doesn't want to be bothered with it

Henry Lucas
