'The Saga of Vic Feazell'

To the Editor:

The local "Saga of Vic Feazell" is reminiscent of the movies of the '40s and '50s.

In those "good old movies," Jimmy Stewart or one of the other "good guys" was persecuted shamefully when all the poor guy was doing was an honest job. The American way of "innocent until proven guilty" was disregarded and the outcry was "guilty until proven innocent." Even our hero, Jimmy, was not treated as badly as the Feazell family has been treated.

Oh, yes, in the movies our hero was always exonerated and good triumphed over evil. The "bad guys" always got their just ending. Let us hope and pray that our local saga will turn out the same way.
